## Seminars by the Students

### A Report

The seminars were conducted by the BSc IIIrd and Vth semester students in the Zoology Department. The seminars were held on 17-01-2024 and 18-01-2024.

And

Seminars were conducted by the IInd, IVth and VIth semester students in the Zoology Department on 02<sup>nd</sup>, 05<sup>th</sup> and 06<sup>th</sup> of August 2024

A seminar may be for the purpose of education and are designed for students to talk about topics in the course reading, so students have to take an active part.

Conducting seminars among the students is good habit. This would help to get more information on the particular seminar topic and it also help to develop stage courage.

Seminars are capable of keeping the students updated with the technologies. Students cannot improve their knowledge from text books alone.

These are also held to impact some skills or knowledge.

Some seminar topics have been given to the students to do seminars.

About 30 students have given their seminars. Students and Staff participated during seminars.
