6.1.2 The effective leadership is visible in various institutional practices such as decentralization and participative management.

Decentralization and participative management exists in the institution. College has ample scope for decentralization and participative management. Our esteemed Management and Principal regularly instill the confidence among every staff of the college to shoulder the assigned responsibilities with utmost commitment and professionalism. For the smooth conduct of curricular, co-curricular and extra curricular activities and activities of support service units i.e., NSS, NCC, Scouts and Guides, Career Guidance and Placement Cell, etc., Responsibilities are allocated to all the staff for decentralization of administration. The IQAC co-ordinator plans on its effective implementation.

Participative management is practiced in various activities like to conduct of induction programme, different committees and cells such as examination committees, time table committees establishment of students welfare cells, women empowerment cell ect.

A case study of establishment of "Women's Empowerment Cell"

Instruction: The need to establish as exclusive women empowerment cell was felt by the top management to bring the girls students into mainstream activities so that can actively participate in various activities and it was hope that such participation would make them shed their inhibitions.

The committee was formed and following activities were in practice:
