INTRODUCTION

Plastic pollution is a huge environment and health issues as it harms us in more than one way such as it clogs drains, causes visual pollution and proves fatal for stray animals. So with "Beat Plastic Pollution", the theme for World Environment Day 2018, United Nation (UN) is encouraging worldwide awareness and action for the protection of our environment from plastic pollution. This year, India is the global host of World Environment Day which will take place on June 5, 2018. The Day will raise awareness and urge governments, industry, communities, and individuals to come together and explore sustainable alternatives and urgently reduce the production and use of single-use plastic that pollutes oceans, damages marine life and threatens human health.

OBJECTIVES

With the aim of creating Plastic Free Environment, CPCB has fixed following objectives under the "Plastic Free Cleanliness Drive":

- To create awareness among the students on the hazards of single use of plastic and to motivate them towards the use paper or fabric (Cotton or Jute) bags
- To create a plastic free environment at the adjoining area.

INTERNATIONAL YOGA DAY 2018-2019

REPORT

From 21-06-2018 to 28-06-2018, the International Day of Practice Yoga held at our college by NCC. All the students, faculty and non-teaching staff of NCC, and College Students participated in the training at the Yoga camp every morning from 06 to 7:30am.

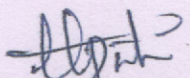

Yoga is a mind and body practice with historical origins in ancient Indian philosophy. The word Yoga is derived from the Sanskrit word 'Yuj' which means to join or unite. The union referred to is that of the individual self-uniting with Cosmic Consciousness or the Universal Spirit. Yoga is believed to have evolved during the period of the 'Sat Yuga', also called the Golden age. It was not until the discovery of the Indus- valley civilization, the largest civilization: that the knowledge about the origin of Yoga surfaced.
