Certificate Course in Handicraft skills

What is Handicraft craft skill ?

A handicraft, sometimes more precisely expressed as **artisanal handicraft** or **handmade**, is any of a wide variety of types of work where useful and decorative objects are made completely by one's hand or by using only simple, non-automated related tools like scissors, carving implements, or hooks. It is a traditional main sector of craft making and applies to a wide range of creative and design activities that are related to making things with one's hands and skill,
