## Seminars by the Students

### A Report

Seminars were conducted by the II<sup>nd</sup>, IV<sup>th</sup> and VI<sup>th</sup> semester students in the Zoology Department on 26<sup>th</sup> and 28<sup>th</sup> of April and 07<sup>th</sup> and 8<sup>th</sup> of May 2025.

A seminar may be for the purpose of education and are designed for students to talk about topics in the course reading, so students have to take an active part.

Conducting seminars among the students is good habit. This would help to get more information on the particular seminar topic and it also help to develop stage courage.

Seminars are capable of keeping the students updated with the technologies. Students cannot improve their knowledge from text books alone.

These are also held to impact some skills or knowledge.

Some seminar topics have been given to the students to do seminars.

About 30 students have given their seminars. Students and Staff participated during seminars.
